

IOWA WOMAN TELLS OTHERS

How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life.

Cedar Rapids, Iowa.—"At the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was no help for me but to lie still. I took Lydia E. Pinkham's Vegetable Compound and kept up my work and now I am over the Change and that is all I took. It was better for me than all the doctor's medicines I tried. Many people have no faith in patent medicines but I know this is good."—Mrs. E. J. RICKERS, 354 8th Avenue, West, Cedar Rapids, Iowa.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dizziness, palpitation, irregularities, constipation, variable appetite, weakness and irritability, and dizziness, are promptly healed by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

If there are any complications you don't understand write Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass.

MINNESOTA MAN IN NEW MEXICO ON HUNT FOR HORSES AND LAND

A. Hildstein, of Minneapolis, was a visitor in Albuquerque yesterday calling on local livestock and commission men and looking into land matters in this section. Mr. Hildstein is the field manager for a large Minneapolis land company and has been investigating several large land tracts in which his company may become interested. He is a veteran stockman and in course of this trip is buying horses.

Mr. Hildstein left last night for Colfax and Union counties. He expects to return to Albuquerque before leaving the state.

NO SUCCESSOR YET TO SUPERINTENDENT KURN

"All statements as to the successor to General Superintendent Kurn are mere rumors and without official sanction so far as anyone knows," said a well known Santa Fe official today. "Mr. Kurn's resignation has not taken effect yet and probably will not for several days to come. So far as we know his successor has not been chosen. There are a number of men in line of succession, any one of whom may be chosen."

The rumors referred to have included the names of Supt. Frank Myers of the New Mexico division; Supt. Bristol of the Colorado division; General Supt. Geo. Starkweather of Amarillo, and several other division superintendents on the eastern divisions of the main line.

COMMISSIONERS IN SOLEMN COUNCIL WITH CHIEFS

Head Men of Pueblos Gathered at Isleta Today for Conference With Representatives of Great White Father.

HIGHLY PLEASED WITH ALBUQUERQUE SCHOOLS

One of the most interesting gatherings in New Mexico in many a day is under way today at the Isleta Indian pueblo, thirteen miles south of Albuquerque, where rather William A. Ketchum and Dr. Samuel A. Elliot, of the United States Indian commission are meeting with the heads of all the pueblos in the Albuquerque district. This district includes San Felipe, San Ildefonso, San Domingo, Sandia, Isleta, Laguna and Acama. The accounts of the pueblo chiefs of conditions in their several villages, their complaints and recommendations are being heard and will be included in the annual report of the commission which goes directly before the president by whom the ten commissioners are appointed.

The commission, although an unsalaried one, is by no means purely honorary. The members all are deeply interested in the welfare of the original inhabitants of North America; are students of Indian progress and affairs, and their recommendations will go far with the president and the Indian department to whom they act in an advisory capacity. The two commissioners are accompanied at Isleta today by Superintendent Reuben Perry of the Albuquerque school, and Supt. P. T. Loneragan of the district day schools.

HIGHLY PLEASED WITH THE ALBUQUERQUE SCHOOLS

Yesterday the commissioners visited the Albuquerque Indian school and made a thorough inspection. Both Father Ketchum and Dr. Elliot expressed themselves as highly pleased with the splendid conditions and organization prevailing and with the work being done. Yesterday afternoon they were accompanied by Mr. Loneragan and Mr. Perry to the San Felipe pueblos.

The commissioners will be here until tomorrow night when they go to Santa Fe for an inspection of the school there and a meeting with the head men of the northern pueblos. They have visited the reservations in Arizona and the Navajo and Zuni reservations in this state.

CATALINO WILL PAY ALIMONY OR GO TO JAIL

Court Orders Defendant to Give Bond to Secure Carrying Out of Terms of Divorce Decree.

Judge Reynolds today heard the evidence in the case of Catalino vs. Catalino, in which contempt of court is charged, in that the defendant has failed to pay to the plaintiff alimony granted in the decree of divorce recently granted by the court. The court did not commit Catalino to jail but indicated that he would require the man to give bond to secure the carrying out of the decree and the payment of alimony it calls for.

A CONFESSION

Hopes Her Statement, Made Public, will Help Other Women.

Hines, Ala.—"I must confess," says Mrs. Eula Mae Reid, of this place, "that Cardui, the woman's tonic, has done me a great deal of good."

Before I commenced using Cardui, I would spit up everything I ate. I had a tired, sleepy feeling all the time, and was irregular. I could hardly drag around, and would have severe headaches continuously.

Since taking Cardui, I have entirely quit spitting up what I eat. Everything seems to digest all right, and I have gained 10 pounds in weight."

If you are a victim of any of the numerous ills so common to your sex, it is wrong to suffer.

For half a century, Cardui has been relieving just such ills, as is proven by the thousands of letters, similar to the above, which pour into our office, year by year.

Cardui is successful because it is composed of ingredients which act specifically on the womanly constitution, and helps build the weakened organs back to health and strength.

Cardui has helped others, and will help you, too. Get a bottle today. You won't regret it. Your druggist sells it.

WHAT HAS BECOME OF GLEN COLE'S BAGGAGE?

Coroner's Jury in Third Session This Afternoon Seeking New Evidence Regarding Dead Man.

The coroner's jury sitting at the inquest in the death of Glen B. Cole, of Wichita, killed in the Santa Fe yards near the Coal Avenue viaduct Wednesday night, was in session for the third sitting late this afternoon in Justice of the Peace McCallan's court.

Yesterday afternoon the jury heard evidence from Frank Gust, a steward at the Moose club rooms, to the effect that Cole might have met with foul play. Gust recalled having seen Cole in Albuquerque last September, when he seemed to have plenty of money and to be generally prosperous.

The man's baggage has not been found, if he had any, and the jury thinks it strange that a man of his position should have been traveling without even hand baggage. Up to the time the jury met at 3 o'clock today no trace of any baggage had been found, and nothing to indicate that Cole had called on anyone here during his stay.

The Price of Efficiency

CLOSE YOUR EYES AND PICTURE YOUR CITY WITH GAS AND ELECTRICITY SUDDENLY CUT OFF TWENTY-FOUR HOURS!!

Trolley cars and elevators stopped; and telephones are silent. Men and women are walking, climbing stairs, hurrying here and there personally, instead of projecting their voices over the wires.

The ordinary work of an hour or two consumes a whole day; and AT NIGHT the streets, the stores, and the houses are in darkness, save for an occasional kerosene oil lamp and a few tallow candles.

WHAT DO YOU THINK ABOUT IT?

Only YESTERDAY people walked when they wanted the doctor, when they wanted something from the drug stores or grocer's, when they wanted to talk business with other people.

TODAY THEY TELEPHONE and save time, energy, worry and bother.

WE COULD ALL EXIST, WITHOUT GAS ELECTRICITY AND THE TELEPHONE AND TROLLEY CARS, AND THOUSANDS OF OTHER COMFORTS AND CONVENIENCES OF MODERN CIVILIZATION—BUT DO WE WANT TO? NO!!!

We could "save money if we wanted to live as we did YESTERDAY, but we all prefer to pay the "price of efficiency."
